

Pastor Pancheta Wilson M.D. is an internal medicine physician and founder of Healing and Wellness Foundation Inc., a multi-faceted charitable humanitarian organization, established to assist in the expansion of God's kingdom agenda into mainstream humanity. Our strong network of multi-cultural and multi-national like-minded professionals and volunteers will partner to accomplish the works outlined in the Book of Isaiah chapter 58. We endeavor to spread the gospel of Jesus Christ, heal the sick, deliver the captives, feed the poor, clothe the naked, care for orphans, and rescue individuals enslaved in sex trafficking, domestic abuse and other abusive situations.

In June 2008, about eight years after her born-again experience, the Lord Jesus Christ asked Dr. Wilson to make a sacrifice for Him by giving up her private medical practice in Coral Springs, Florida; thereby allowing Him to teach her how to live by faith with total trust and dependence on Him. Making this decision was not difficult because the Lord Jesus had restored her health and she had already begun to experience God's supernatural powers and His miraculous interventions in the lives of many of her patients. Also, the Lord was in the process of teaching Dr. Wilson how to deliver His people from the oppression of evil tormenting spirits.

Being relieved of the challenges of operating a full time practice; visiting patients in the hospital and dealing with the nuances of health insurance companies, Dr. Wilson was now able to spend more time daily in the presence of the Lord. She developed a stronger relationship with the Lord through active prayer life, periodic fasting, and feasting on God's the Word. This began her journey into full time ministry, during which she experienced various aspects of Church administration and lay ministry. As the Holy Spirit began to teach her the ways of the Lord, holiness took on new meaning and Dr. Wilson came to understand the depths of salvation written in 1<sup>st</sup> Corinthians 6:11 (to be washed, sanctified and justified). God desires to establish His end-time Church through the Body of Christ which the Holy Spirit started in the Book of Acts chapter two.

During one of her prayer times, God gave her a supernatural vision of the cover of a book titled "Cancer." As she continued to pray, the Lord gave her many visions and sometimes speaking audibly, He revealed many anti-cancer foods, fruits, vegetables and spices, and the spiritual roots of many diseases. This led her to write "Stop! Prevent! Eradicate! SICKNESS DISEASE and CANCER." About two years later, she received a vision of her second book: "THE KINGDOM". Both books have now been published and available for purchase.

The Lord taught Dr. Wilson the importance of praying fervent (strong) and effective prayers. She then learned how to formulate her prayers from God's Word. She has shared the knowledge and revelations which she acquired from the Lord in her seminars and workshops. Many people who have read her book on Sickness and Disease have been able to identify the spiritual root causes for their physical conditions and they have been blessed by it. Some have even experienced their personal deliverance by praying the prayers in the last chapter.

Over the past eleven years Dr. Wilson has preached the gospel of Jesus Christ and taught God's Word, conducted prayer meetings, interceded for nations, prayed for healing and deliverance for many people, and

she has also volunteered at the Healing Rooms Ministry in Coral Springs praying for the sick. Most recently, evangelism and the burden for salvation of lost souls has weighed heavily on Dr. Wilson's heart and she often finds herself in deep intercession with much travail. Her latest assignment from the Lord is have miracle healing services for the public
